Top Meeting / Ré-Union at the Top

(English translation of the original text)

[Dedicated to the she-one who will be my companion on this path, to infinity and beyond...]

Hey! You!

Come close to me and put your finger on my mouth

That I shut it up at last and chabada bada bam bam...

That's it look at me, stop in me the race

Top Meeting / Re-Union at the Top - Lyrics

Écrit par Le Scal

Of that endless speech and chabada bada bam bam...

Silent the words in me, make me even forget

My last remnants of Latin and chabada bada bam bam...

Erase in me those pains, they lied so much to us...

But we'll be serene, we will fly up high

Over shelters, and we'll be as one.

One, you, I, and the Universe

One with flowers, one with wolves,

One with the hearts, one with the arrows.

And I...

I'll explore for you, I'll show you fierce patches

Where you'll feel just fine and chabada bada bam bam...

I'll keep for you the most magical source

To which you'll drink forever and chabada bada bam bam...

I'll protect you from harm, and make you even forget

Any kind of pain in the morning and chabada bada bam bam...

Top Meeting / Re-Union at the Top - Lyrics

Écrit par Le Scal

Yes, I'll forget the words, they lied so much to us...

But we'll be serene, we'll fly that high

Beyond life, when we'll be as one.

One, you, I, and the Universe

One with flowers, one with wolves,

One with the hearts, one with the arrows.

Since you are that woman in me

And since I'm that man in you

Let's go and love each other,

We'll make a king-child... (x2)
